Content Updates

 **Cookie Disclaimer Styles to add to** `sb-inside.scss` **and** `sb-home.scss` 

If the dealer theme does not have any customized cookie consent styles, add these that are pulled from Common. The variables below have already been updated to pull from the SB theme.

✓ Cookie Disclaimer Styles

Update `$heading-font` from the theme variables. If your `$heading-font` is commented out in your theme variables, look to see what base theme in common is being referenced in an `@import` and use that one.
